

TO ALL PARENTS

Communicating with you is an important part of what we do, making sure you get the correct information about activities, events and school news that really matters is something we care about.

We have now launched Parentmail to enhance communications with parents/carers

The benefits to this are that we can use ParentMail to send home Forms, Permissions, Surveys, Parents' Evening bookings and Meeting and Event invitations. We will be offering online payments in the near future too.

For parents, ParentMail means you can easily pick up school messages on your smartphone.

To log in or register for ParentMail follow the instructions in the text message or email that you have received. If you did not get a registration request please contact school and we will send the request again.

Once registered, if you have an Android or Apple smartphone, we highly recommend you download the ParentMail App for the best user experience. To do this, simply search for "ParentMail" in your App store.

This will allow you to:-

- Access ParentMail even when there's no network connection.
- No need to search through your busy personal inbox for school messages.
- Instant access – no need to login to complete forms or read messages.
- In app 'notifications' help make sure things don't get missed or forgotten.
- Helps preserve your data allowance.

We'd like to encourage all parents to download the free APP as there are a number of benefits both to you and the school:

- You don't need to login to pick up messages or attachments when you use the App.
- The App stores all the messages we send you in one place.
- Every message sent arrives as an instant alert on your mobile.
- You help save us money!

You can download the App for free from either the
